Biography

Janine de La Salle is a Planner, Food + Agriculture Systems Specialist with HB Lanarc-Golder. Janine has a unique blend of experience in the areas of community planning, food/agriculture systems, and was a long standing member of the Vancouver Food Policy Council. In her role as Food and Agriculture Systems Specialist at HB Lanarc-Golder, Janine works with municipalities, developers, and communities to create agriculture plans, park designs, sustainable food system strategies, policies, and planning and design opportunities. Janine is frequently invited to teach and speak about sustainable food and agriculture systems, and is a co-editor and contributor of *Agricultural Urbanism, Handbook for Building Sustainable Food and Agriculture Systems in 21st Century Cities*. Janine has been awarded the CIP President's award for Young Planner (2010).
